As per claim 8, the prior art of record taken alone or in combination fails to teach means for setting via the Internet a limit amount of electric power consumption which amount is within a maximum electric power capable of being supplied to each electric power consumer section and means for issuing an instruction for performing, by remote interruption means, interruption of the electric power supply lines successively in the order from an electric power supply line which is in a current carrying state and has the lowest order of electric power supply priority based on the order of electric power supply priority to the highest order of electric power supply priority when a remote measurement value of the total amount of electric power consumption becomes equal to or larger than the set value of the limit amount of electric power consumption.

As per claim 9, the prior art of record taken alone or in combination fails to teach means for setting via the Internet a limit amount of electric power consumption which amount is within a maximum electric power capable of being supplied to each electric power consumer section and means for issuing an instruction for performing, by the remote interruption means, interruption of the electric power supply lines successively in the order from an electric power supply line which is in a current carrying state and has the lowest order of electric power

supply priority to the highest order of electric power supply priority or interruption of the electric power distribution lines successively in the order from an electric power distribution line which is in a current carrying state and has the lowest order of electric power distribution priority to the highest order of electric power distribution priority when a remote measurement value of the total amount of electric power consumption of the single electric power consumer section becomes equal to or more than the set limit amount of electric power consumption.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
